Twenty-Seventh Annual **PRICE LIST**

—OF THE—

G. B. CUTLER SEED CO.

Marshall, Minn.

March 1st, 1945

In presenting you this 1945 Price List, we wish to thank all our friends and customers for their past patronage.

Our old customers are well acquainted with our ways of doing business, and you should ask the old, if in doubt, as to our square dealings.

No Warranty.—We exercise extreme care in the filling of all orders, but we give no warranty, expressed or implied, as to the quality, description or productiveness, or any other matter of any seeds we send out, and will in no way be responsible for the crop.

Prices Subject to Change.—The prices quoted herein are based on market conditions at the time this list is issued and are subject to change without notice. We do not alter prices except in extreme cases, but if your list is an old one and you have occasions to presume that prices are either higher or lower, just write us for current list before ordering and we will supply one at once.

Orders Promptly Filled.—In case of delay you will be notified by letter explaining the cause of such delay and advised when shipment will be made. If you do not hear from an order sent us within a reasonable length of time, send us a duplicate, stating amount of remittance, and be sure to give your name and full address.

Terms of Sale.—Cash must accompany orders and should be in the form of Money Order or Bank Draft, Currency or Registered Mail, or Bank Check.

Hello Everybody

A little late but never-the-less we are wishing you all a prosperous 1945, with planting time just-around the corner we will be in our usual place to greet you all.

In years past we have always told you something about our doings after close of the busy season the previous year, haven't much to tell this time. With gas rationed and no chances to buy more tires couldn't go any place unless we walked—same thing again, shoes being rationed, didn't want to wear out what we had, therefore we stayed at home, did what we could to help win the war. Bought more war bonds, paid taxes and tried to raise a crop on our Big 40 acre farm.

As to the Seed Business, don't be too surprised when you look over our prices as some of them would almost surprise anyone, even us. Guess it can't be helped during the duration.

If you will only stop to think what

you can save by raising that Victory Garden the cost of the seeds won't look so big. There may be a few kinds of seeds that we have carried in stock other years we are unable to get this season, altho a very few.

Perhaps it wouldn't be a bad plan to get your seeds early while our stock is complete. We may not be able to get more when our first supply is gone.

We will try to have enough for all at a fair price. There is a ceiling price on some of the field seeds which we are below on all. You will find a complete list of such ceiling prices elsewhere in the catalog.

As to a shortage of seed we know there is a big shortage of Alfalfa and Clovers, so my advice to anybody that is in need of either had better order at once as we know we will not be able to fill all orders of Alfalfa later.

The following is a letter I received from an old customer that used to

live near Marshall and hasn't forgot
the Cutler Seed Co.

Brandon, Minn.,
May 1, 1944.

Dear Mr. Cutler:

Last year I got a hundred tomato plants from you and they bore the nicest tomatoes around here. The plants were so nice and sturdy. I wonder if I could get a hundred more plants this year. I don't remember just when you sent them but I think it was the latter part of May.

Will you please let me know at your earliest convenience whether you could send me a hundred plants and what would be the price, including the postage or if you'd rather send them C.O.D.

Hoping to hear from you soon, whether you can send them and the price of them.

Thank you for your trouble.

Sincerely,
Mrs. H. L.,
Brandon, Minnesota.

I guess I have said enough for this time and thanking you all for your past business and hoping to see you again this spring. Come in and say Hello if nothing more.

GEORGE.
